

4K Multi Scaler Viewer

MSV 2

Preset or Custom Layouts

MSV 2 will display multiple 4K images on one screen. Its advanced processing capabilities are ideal for multimedia presentations. Video input options include

2 dedicated HDMI channels, and 2 channels that can be switched to either HDMI or DisplayPort.

Multiple video signals can be combined into one destination layout, such as quad screen, 1 large/3 small, or a user-customized layout. Channel switching on MSV 2 is fast and seamless.

MSV 2 is controlled by buttons on the unit's front face, or by a web-based PC interface that also offers live preview.

MSV 2 user interface dashboard showing quad layout.

1. Preview and screen control.
2. Preset and channel options.
3. Screen, input, coordinate, output Information.

MSV 2 Layouts

Plus, up to 5 custom user layouts.
