# CABLE FTP CAT6 PLANO RJ45 M-M 2M NEGRO

# REF. C620P02N  CODE. 94233

100% copper
Ideal to behind baseboards to be laid under carpets or other floor.

- shielded flat LAN/network cable to connect network components with 2 x RJ45 connectors
- extreme flexible, small bending radius
- OD only 1.8 x 6.6 mm
- with gold plated contacts (PINs)
- short connector type with latch protection
- length indication on slimline strain relief
- pair-sequence acc. to EIA/TIA 568B

## Technical specifications

**Connections**
Latch protection both sides
Connection, type RJ45 male (8P8C)
Connection 2, type RJ45 male (8P8C)
Contacting EIA/TIA-568B

**Cable**
Cable length 2 m
Shielding class U/FTP
Specification
CAT 6 Cable type flat cable
Inner conductor material CU (100% copper)
Material cable sheath PVC
AWG 32/7 (stranded)
Number of shieldings 1 x
Type 1, shielding foil (alu) PiMF
height of cable sheath 1.8
width of cable sheath 6.6
Kink protection both sides

**Signal transmisión**

max. Bandwidth 250 MHz

**General**

Packaging type Bulk
Consumption Unit 1 pc. in polybag
Color black
Markings WEEE, CE
