

NC5FXX

5 pole female cable connector with Nickel housing and silver contacts.

The next generation of the worldwide accepted standard of XLR cable connectors. The successor of the X series offers several new features which make it more reliable, easier to assemble and improves contact integrity as well cable strain relief.

*This is to certify that
representative samples of* **CONNECTORS FOR USE IN DATA, SIGNAL,
CONTROL AND POWER APPLICATIONS.**
See Addendum Page

*Have been investigated by Underwriters Laboratories Inc.® (UL) or any authorized
licensee of UL in accordance with the Standard(s) indicated on this Certificate.*

Standard(s) for Safety: **UL 1977 - STANDARD FOR COMPONENT CONNECTORS FOR USE IN
DATA, SIGNAL, CONTROL AND POWER APPLICATIONS - Edition 2**

Additional Information: **See UL On-Line Certification Directory at www.UL.com for additional
information**

**Only those products bearing the UL Recognized Component Mark should be
considered as being covered by UL's Recognition and Follow-Up Service.**

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:  may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceeding the recognitions or under "Markings" for the individual recognitions.

Look for the UL Recognized Component Mark on the product
