

USB-C to Micro-B Cable, OTG, 0.2 m, black

2.5 W, 0.5 A, 480 Mbit/s, USB 2.0

Ref. 67895

Your universal solution for all devices with a classic Micro-USB port. Whether you want to charge your smartphone, e-reader, Raspberry Pi or PlayStation 4 controller, the Micro-USB cable is ready for any challenge. The cable also transfers data reliably and efficiently, e.g. from digital cameras, action cams and MP3 players.

- USB-C cable for connecting Micro-USB devices, e.g. older smartphones, tablets or Bluetooth speakers, to USB-C chargers, power banks, laptops, etc.
- Suitable as a charging cable and as a data cable with a maximum data rate of 480 Mbit/s
- With OTG function (USB On-the-go): The connected USB-C host device, e.g. smartphone or tablet, can control peripheral devices such as USB sticks, hard drives or cameras via OTG
- Universally compatible with all devices with USB Micro-B and USB-C as well as with USB-C-compatible Thunderbolt (version 3 or higher), e.g. on Apple MacBook or Apple Mac Studio
- The Type-C charging cable is backwards compatible with USB 1.1

Technical specifications

Connections

Connection 2, type	USB-C
Connection, type	Micro USB

Performance

Standard	USB 2.0
max. performance	2.5 W

Cable

Inner conductor material	CU (copper)
Cable type	round cable
Cable length	0.2 m

Signal transmission

max. transmission rate	0.48 Gbit/s
------------------------	-------------

General

Color	black
Material	PVC
Markings	CE, WEEE
Packaging type	Cable Tag

Cable length

0.2 m
